

Mission: Create Your Character — Adventurers Guild

Welcome, adventurer! 

Your journey begins now. To join the **Adventurers Guild**, you must prove your skills by creating your own character using the Guild's API.

Your Mission

Build a **complete character creation flow** using Postman and the Adventurers Guild API.

Along the way, you will master:

-  Authentication
 -  Chained requests
 -  PATCH updates
 -  Response validation
 -  Comparing data with external sources
-

The Journey (Flow to Complete)

Follow this path carefully:

1. POST `/api/auth/token` → Gain access to the Guild 
2. POST `/api/characters` → Create your base character 
3. PATCH `/api/characters/{id}` → Choose your **Class** 
4. PATCH `/api/characters/{id}` → Choose your **Species** 
5. PATCH `/api/characters/{id}` → Choose your **Background** 
6. GET `/api/characters/{id}` → Reveal your final character 

Trials You Must Pass (Validations)

To prove your success, your flow must:

-  Return 200 and a valid token during authentication
-  Return 201 and a valid id when creating a character
-  Correctly update each field with every PATCH
-  Return a complete character in the final GET, including:
 - class
 - species
 - background

Rules of the Guild

- Use **Postman** for the entire mission
- Save and reuse your **token**
- Save and reuse your **character ID**
- Each adventurer must create a **unique character** (no clones! 😊)
- Use this as your source of truth:
 - 👉 <http://dnd2024.wikidot.com/home:home>

 Your character should be inspired by real D&D data.

Proof of Completion (Deliverables)

To complete your mission, submit:

-  Your **Character ID**

-  A short character summary:
 - Name
 - Class
 - Species
 - Background
 - Source page used

 With your Character ID, the Guild (me 🧐) will validate your journey.

Skills You Will Unlock

By completing this mission, you will gain:

-  Confidence with authentication flows
 -  Mastery of chained requests
 -  Proper use of PATCH
 -  Strong API validation skills
 -  Ability to compare API data with real-world sources
-

Need Help, Adventurer?

Every hero needs guidance.

If you get stuck, reach out — no one completes a quest alone 

Good luck... and may your tests always pass.
